Washington Government Declared to Be Pursuing Hostile Policy While Avowing Sincere Friendship for Mexico.

Washington, June 2.- Demands that the United States withdraw its troops and intimations that the American government is not acting in good faith are contained in a 12,000-word note from General Carranza, delivered to the state department on Wednesday by Eliseo Arredondo, Mexican ambassador designate. An explanation of the actions of the Wilson administration is re-

Added to this is a well-defined sus picion in the mind of Carranza and his advisers that the American government, while making protestations of good will and friendliness, is preparing for any emergency in Mexico, and to prove this contention Carranza cites the practical embargo on arms and ammunition, he having received no shipments for weeks. WILSON HOLDS CONFERENCE.

President Discusses Plans for Democratic Convention. Democratic convention at St. Louis and the ensuing campaign were discussed on Wednesday by President the Confederacy. Wilson with Representative Doremus of Michigan, chairman of the Democratic congressional committee; Norman Hapgood, an organizer of the Wilson Nonpartisan league, and Senator Taggart of Indiana. Between now and the convention time the president is expected to devote much attention

to politics. Selection of a permanent convention chairman was discussed. Speaker Champ Clark was the first choice of the president, but it now seems that Mr. Clark may not go to St. Louis. Senator James of Kentucky and Senator Kern of Indiana are among those

suggested for the place in case the speaker finally declines the honor. While friends of Vice-President Marwill be renominated, they are not urging the president to take a stand on the question because there are other

candidates, notably Governor Major. The plan of the convention managers is to have Alabama give way to New Jersey when the roll is called for the nomination of presidential candidates so that John W. Wescott, who has been selected by President Wilson to nominate him, may make his speech immediately. A motion to close nominations then would be in order.
